

7 Days Machame Route

THE CLASSIC KILIMANJARO ADVENTURE

Kilimanjaro’s celebrated southern approach combines dramatic terrain with an effective acclimatization pattern. Our seven-day version adds the time serious climbers need to move conservatively and arrive at summit night better prepared.

Day by day

DAY 01

Machame Gate to Machame Camp

1,800 m → 3,000 m · 11 km · 5-7 hrs · Rainforest · +1,200 m

Enter dense montane forest on a steady ascent. Guides establish the expedition rhythm from the first hour: pole pole, efficient movement and regular hydration.

DAY 02

Machame Camp to Shira Camp

3,000 m → 3,840 m · 5 km · 4–6 hrs · Heath and moorland · +840 m

Climb onto the Shira Plateau as vegetation becomes lower and views expand toward Kibo and Mount Meru.

DAY 03

Shira via Lava Tower to Barranco Camp

3,840 m → 3,900 m · 10 km · 6–8 hrs · Alpine desert · +60 m

Ascend toward Lava Tower at roughly 4,600 m, then descend to Barranco. The altitude exposure is strategically valuable for acclimatization.

DAY 04

Barranco to Karanga Camp

3,900 m → 3,995 m · 5 km · 4–5 hrs · Alpine desert · +95 m

Negotiate the famous Barranco Wall under guide supervision, then traverse ridges and valleys to Karanga.

DAY 05

Karanga to Barafu Camp

3,995 m → 4,673 m · 4 km · 3–4 hrs · High alpine desert · +678 m

Reach summit base camp early enough to rest, eat and prepare equipment. The guide conducts the final summit and health briefing.

DAY 06

Barafu to Uhuru Peak to Mweka Camp

4,673 m → 3,100 m · 17 km · 12–16 hrs · Arctic summit to rainforest · +1,222 m · –2,795 m

A midnight ascent leads via Stella Point to Uhuru Peak. After photographs and a controlled descent, continue down to Mweka Camp.

DAY 07

Mweka Camp to Mweka Gate

3,100 m → 1,640 m · 10 km · 3-4 hrs · Rainforest

Descend through the forest, complete park formalities and celebrate with the mountain team before returning to Moshi.
